Good morning, All-

Jeff has asked me to schedule additional dry runs. I understand that not everyone may be available to attend but please do try to address the comments from OGC and send me your revisions today.

### Notes:

1. OGC comments are rolling in and presentations are being revised accordingly. Thank you!
2. Revisions to OGC comments are due to OPPT IO today – 6/6/2019
3. Formatting – I previously formatted all the titles slides but notice they are no longer consistent with PV29 format. Jafrul and I met yesterday to walk through all the slides. I will do my best to incorporate his input and standardize the presentations before sending to OPPT. I will also identify the presentations with a SACC panel Day and session number as requested by OSCP.
